

# Knowledge College

2011-2012 School Year

We began a successful after school homework help program in the 2004–2005 school year. Our La Jolla Elementary teachers at each grade level work with students to reinforce concepts and to assist them with work organization and task completion. **Grades 1 – 5** students enjoy working collaboratively with other students at their grade level, while also ensuring that they are doing the home assignments consistent with the way the work is being taught at school. There is an approximate 10:1 ratio per class.

## This program offers:

- ☞ Our own teachers at each grade level assisting students in a small group setting
- ☞ The convenience of having students attend a program on site
- ☞ Access to La Jolla Elementary books, computers, school library and resources
- ☞ Someone different for the child to work with on his/her homework and a well-deserved break for mom and dad
- ☞ **Program Specifics:**

**Mondays, Tuesdays and Thursdays** (Parents may sign up children for one, two or three days.)

## \*Fees:
